

Introducing **TRANE CleanEffects (™)** The world's most effective air filtration system. We've taken clean air to a whole new level. Backed by over 90 years of industry-leading innovation, engineering and manufacturing excellence, we have utilized patented, breakthrough air cleaning technology to remove more airborne allergens from the filtered air in your home than any other air cleaning system. It's only available from Trane.

**TRANE CleanEffects (™)** is so effective that it traps allergens down to .3 microns, so small that about 2,000,000 particles could fit on the period at the end of this sentence. That's the size at which allergens cause the most irritation. Superior, patented technology that removes more airborne allergens from the filtered air in your home than any other air cleaning system.
